

THE GLOBE THEATRE

January 2015

Globe sign removed to make space for skip

Such a beautiful space – hidden for so long!

The 'period costume' room, has been cleared to enable the bay window roofs to be water-proofed as part of the proposed conservation repair. The garden will be partially cleared to enable builders to work on-site unobstructed.

However, no work can start until we have the fire engineering report completed and approved by the DCC, building consent from the DCC and, of course, all the funding we need. **(Another \$80,000).**

Please see the attached Globe Theatre: Conservation Repair Project leaflet for more information.
